Chief, Administrative Staff

4 November 1957

Chief, Geographic Area

**Securing of Limited Security Check on Names in the GRA Ready-Reserve Listing**

1. The attached lists have been compiled by the components of the Geographic Area, as a revision of the Ready-Reserve Listing originally drawn up as part of the ORR Global War Plan. It is planned to revise the listing on an annual basis, so that we will be better prepared to recruit additional personnel quickly in a wartime situation.

2. It is requested that the Office of Security be queried as to the possibility of conducting a limited security check on the names listed. This would reduce the amount of time elapsing, in event of war, between their recruitment and reporting for duty.
